Mr. Asad Siddiqui
Managing Director - ASAKI GROUP

“Professionals don't do different things,
they do things differently”

About us

Asaki Group is a multifaceted company, We are group of companies which are into manufacturing, marketing, exports and joint ventures in India.

Story begins in the year 1996, when the promoter of Asaki , Mr. Asad Siddiqui completed his Masters in International Business Management, and started his professional career with a renowned faucet manufacturing company based at Delhi as Marketing Executive.

His growth was astonishing, with in few years, he has grown from frontline executive to the top management and became Director Operations of one of the biggest bathroom company, during his career he was mentor for couple of Indian and international faucet brands but he knew that he was destined to do something else.

After having enough exposure of manufacturing, marketing and sales, he aspires to put up an Indian Faucet Company of his own.

In the year 2009, he has successfully registered a faucet brand called 'ASAKI', which has been derived from the Japanese terms, 'ASA' means morning and 'KI' stands for blossom.

Today ASAKI, with a complete state-of-the-art faucet manufacturing facility, is one of the fastest growing companies in India with strong pan India brand presence and decent exports.

Apart from faucet manufacturing, Asaki is Subsidiary Partner in India for two Italian Brands of Faucet and Sanitary Ware.

A heartfelt thanks to all our channel partners and colleagues who played a huge role in making this dream come true.
